Rate of Exchange (ROE) Application Change

Dear Valued customer,

As part of our effort of providing an improved service quality to you, we would like to announce that with the introduction of a new accounting system, we are making a change to the application of the Rate of Exchange.

All payments of freight and charges shall be made as per applicable tariff currency. When freight and charges are paid in a currency other than the applicable tariff currency, the rate of exchange shall be based on the **actual invoice issuing date**. The source of the rates of exchange will be **Bloomberg**.

Customers will continue to have full visibility of the ROE applied as the ROE will be printed on the actual invoice.

This change takes effect on all NPD L shipments as per following table:
