## New Website

Dear Valued Customers,

We are please to advise that our new, upgraded website [www.npdship.com](http://www.npdship.com) is live from 30<sup>th</sup> September.

As you are no doubt aware the current shipping environment continues to present a variety of significant and unprecedented challenges. To navigate these challenges communication and access to the most up to date information is key, with this in mind our aim is to develop and deliver tools so that our customers can access information and services as and when you need them via your preferred communication channels.

Therefore in addition to the current communication channels from today our new, upgraded website is available on line at [www.npdship.com](http://www.npdship.com) The website is designed to be a resource for customers and partners to access the most recent, up to date information on:

- News and Announcements
- Vessel Schedules
- Vessel Positions
- Office Contact Details
- Service Network
- Vessel & Container details

In addition to providing a resource for the most up to date information the website is structured to enable simple delivery of a variety of ecommerce and tracking functions that we are working on to further enhance our customers access to information and services.

Should you have any questions or queries please contact your NPDL representative.

Yours sincerely,

**NPDL**
