Inbound to Northern Australia - General Rate Increase (GRI)

Dear Valued Customers,

As the shipping industry continues to face challenges including vessel delays, equipment shortages and volatile market conditions, Mariana Express Lines remains committed to maintain and uphold the highest level of services to all our customers.

To ensure sustainable services, and to maintain our regular shipping services, Mariana Express Lines will be imposing a General Rate Increase (GRI) effective **1 April 2022** (B/L On Board Date) for inbound shipments from all loading ports to Northern Australia (Townsville/Darwin).

The increase will be applied on top of the current freight rates as below:

From: **All Origins**

- US\$700 per 20' container (all types)
- US\$1400 per 40' container (all types)

Thank you for your continued support.

Yours sincerely,

Transam New Zealand
