MICROPAC & INTRAPAC – Advanced phase-in of the ICS Silver Lining and redeployment of the Southern Pearl

Dear Valued Customer,

We are pleased to advise that the ***ICS Silver Lining*** will phase into our MICROPAC service earlier than previously scheduled. As a result, the redeployment of the ***Southern Pearl*** into our INTRAPAC service has also been brought forward. These changes will provide additional cargo capacity for both trades, supporting peak season demand.

The revised phase-in and redeployment plan is as follows, with schedules further below:

- ***Southern Pearl*** will phase into INTRAPAC as **Voyage 2611**, calling Funafuti, Apia, and Wallis & Futuna. Lautoka exports to Wallis & Futuna currently onboard the **Capitaine Wallis Voyage 2611** will be transferred to **Southern Pearl Voyage 2611** in Apia.

- ***ICS Silver Lining*** will phase into MICROPAC as **Voyage 2609**, loading in Suva before departing to Tarawa, Majuro, and Christmas Island. All Lautoka exports onboard **Southern Pearl Voyage 2609** will be transferred to **ICS Silver Lining Voyage 2609** in Suva.

- Following these voyages, ***Southern Pearl*** will resume the normal INTRAPAC rotation from **Voyage 2612**, while ***ICS Silver Lining*** will resume the normal MICROPAC rotation from **Voyage 2610**.

Please see the updated schedules below:
