

17th March 2026

Amended Low Sulphur Recovery – Asia/Latin America/Africa/Middle East to the South Pacific effective 1 April 2026

Dear Valued Customers,

Further to our last advisory dated March 5, 2026, we wish to inform that due to the ongoing conflict in the Middle East and continued escalation of Fuel/Bunker prices, we will be adjusting our LSR for Q2 2026 on our transshipment trades from Asia/Latin America/Africa/Middle East to the South Pacific.

The updated LSR supersedes our previous LSR announcement on the 27th February 2026. We will continue to monitor bunker prices monthly and advise of any further changes, if required.

The updated LSR is as follows:

- **US\$242 per dry TEU**
- **US\$363 per reefer TEU**

Thank you for your continued support and understanding. Should you have any further questions or queries please contact your Neptune Pacific representative.

Sincerely,

Neptune Pacific
