### **New Zealand to Norfolk Island Rate Review for Southern Tiare Shipments**

Dear Valued Customers,

To cover rising bunkers costs and to ensure a sustainable service for the people of Norfolk Island, we will increase freight rates effective from 1 July 2022. Together with this increase we will streamline our pricing approach.

Any current rate agreements, outside of tender negotiations, will expire on 30 June 2022. Rates valid from 1-July will be sent directly to customers that are moving cargo today. If you do not receive these rates, please contact your NPDL or Transam representative.

The new tariff rates for all cargo from New Zealand to Norfolk Island will be:

- Freight: NZD\$360/Revenue Tonne
- Hazardous surcharge (all commodities): NZD\$45/Revenue Tonne on top of freight rate
- BAF 34% of Freight

These rates remain subject to currency adjustment and all origin/destination surcharges.

Thank you for your continued support, should you have any further questions or queries please contact your NPDL representative.

Sincerely,  
**NPDL**
