**Capitaine Magellan v10 & Capitaine Wallis v380**

Dear Valued Customers,

Further to our advice of November 8, our technical team continues to work through repairs to the Capitaine Magellan. Whilst a timeframe for her repairs is still to be confirmed once repairs are completed she will load the balance of Vanuatu cargo remaining in Fiji and proceed to Vanuatu then New Zealand to commence v11. We will advise estimated arrival and departure dates for this voyage as soon as these are available.

The Capitaine Wallis v380 has also experience technical issues following her call in Funafuti and is returning to Suva to obtain the parts required for repairs. Once repairs are completed on the Capitaine Wallis she will load cargo remaining in Fiji for Wallis & Futuna and proceed to Tarawa followed by Wallis & Futuna. We will advise estimated arrival and departure dates for this voyage as soon as these are available.

Should you have any further questions or queries please contact your NPD L representative.

Yours sincerely,

**NPD L**
