AUSPAC – Update on NPD L Tahiti Dry Docking Schedule

Dear Valued Customer,

Please be informed that due to a delay in the completion of the Capitaine Kupe dry dock, her entry into the AUSPAC trade has been pushed back to the next voyage.

As per our previous advisory on the 31-Dec, the Capitaine Kupe was to join AUSPAC in Suva on the 21st of January. With the delay mentioned above, she will now join the service in Suva on the 18th of February. The NPD L Tahiti 2502S will proceed as normal to Port Vila and the Australian coast. Please ensure that all documentation reflects the NPD L Tahiti 2502.

The NPD L Tahiti will perform Voy 2504 up to Suva and then proceed to China for her dry dock. She will discharge all her cargo in Suva. The Capitaine Kupe Voy 2504S will join the AUSPAC service in Suva and will pick up all the transhipments (from the NPD L Tahiti) as well as any Fiji exports to Vanuatu and Australia.
